<https://www.linkedin.com/in/tularajbaral-604803363>

Motivated and detailed-oriented civil engineering graduated with strong academic performance, with hands on project exposure. Skilled in AutoCAD, Estimation and Technical reporting seeking an entry level position in civil engineering to contribute to infrastructure, development, while learning and growing professionally.

Education Background

Civil Engineering <i>Pokhara university</i>	3.20/4 2017-2023
Higher secondar school <i>Peace zone English secondary school, Chitwan</i>	66.50% 2015-2017

Skills

- | | | |
|---|--------------|---------------------|
| ◦ AutoCAD, 2D & 3D | ◦ Ms-offices | ◦ Communication |
| ◦ Estimation and costing | ◦ E-tabs | ◦ Decision |
| ◦ Valuation of Building | ◦ Sketch-up | ◦ Critical thinking |
| ◦ Good and tools Handling (total station, theodolite, leveling machine) | | ◦ leadership |

Professional experience

Teaching

Secondary level teaching in different institutes in Kathmandu valley.

Projects and Training experiences

- Geological survey (3 days)
- Engineering survey (10 days)
- Water supply field visit, Lamjung
- Hydropower field visit in kaligandaki(144MW)

Certification

◦ AutoCAD civil 2D

Modern institute

Publication

- Utilization of plastic waste in road construction
 - Explore sustainable use of plastic in pavement layers
 - Outcome: presented at college seminar appreciated for innovation
